Your Eversource Electricity Bill

Your Eversource electricity bill is made up of **delivery** and **supply** charges. The Cambridge Community Electricity program will change the price used to calculate your **supply** charges.

When you are enrolled in the program, you will see two changes on your Eversource electricity bill:

1

On the **FRONT** of the bill, you will see **Direct Energy** listed as your electricity supplier in place of Eversource.

2

On the BACK of your bill, the **program price** will be used to calculate the supply charge portion of your bill instead of Eversource's Basic Service price.
