

How to find the customer name key on your Eversource bill:

Go to the second page of your bill and look for four capital letters in the top left corner, below your account number. The customer name key is usually the first four letters of the last name on the bill, but not always.

Explanation of your charges
 *The Combined Public Benefits Charge represents a combination of three charges formerly know as: Conservation and Load Mgmt Charge, Renewable Energy Investment Charge, and Systems Benefits Charge. This charge also includes the Conservation Adjustment Mechanism approved by the Public Utilities Regulatory Authority in Docket No. 13-11-14.
 **Effective January 1, 2007, the Generation Services Charge (GSC) and the Bypassable Federally Mandated Congestion Charge (BFMCC) have been combined into the "GSC and BFMCC" listed in the Supplier Services section of your bill. The GSC reflects all of the cost of procuring energy from Eversource wholesale suppliers. The BFMCC portion of this line item is -\$0.0001 / kWh. If you multiply this BFMCC rate by the number of kWhs on your bill, you can calculate the dollar amount associated with the BFMCC.
 ***Electric System Improvements: Recovers company investments that protect, strengthen or modernize the electric grid.
