TOWN ELECTRICITY AGGREGATION PROGRAM NOTIFICATION LETTER

May 3, 2021

Dear Sharon Electricity Service Customer,

I am writing to tell you about the Town electricity program: **Sharon Power Choice**. This program will increase the amount of renewable energy in your electricity by 20%. The program also includes options that allow you to choose more or less additional renewable electricity.

If you received this letter and you do nothing, you will be AUTOMATICALLY enrolled in the Sharon Power Choice program.

Your opt-out request must be postmarked by **June 7, 2021 to avoid automatic enrollment in the program.**

If you do not opt out, you will be enrolled in Power Choice Standard at a price of **11.586 ¢/kWh, and you will receive 20% additional renewable electricity.**

Sharon Power Choice is a form of group electricity purchasing known as electricity aggregation. In the program, the Town uses the bulk purchasing power of the community to increase the amount of renewable energy in the community's electricity supply and secure a stable electricity price. Participating in the program will change your electricity supplier and the price used to calculate the Supply charge portion of your Eversource electricity bill.

Sharon has signed a contract with Constellation. They will supply the town with electricity that includes 20% additional renewable electricity. You may also choose to receive: 100% renewable electricity or just the minimum amount required by Massachusetts law. Please see the back of this letter for options and pricing information.

The program price is fixed until January 2024. This price stability makes the program different from Eversource's Basic Service, which you have now. With Eversource's Basic Service, the price used to calculate the Supply portion of your Eversource bill changes every 6 months (for residential and small business accounts or 3 months (for large business accounts). Price stability also makes the program different from many commercial offers that you may receive by mail or by phone. NOTE: There is no guarantee of savings over the term of the contract with Constellation compared with Eversource's Basic Service price.

Your Relationship with Eversource

- ▶ If you participate in Sharon Power Choice, Eversource will remain your electric utility. You will continue to receive your electricity bill from them and call them if the power goes out. But you will see Constellation listed on the Supply portion of your Eversource bill, and the program price will be used to calculate the Supply charges on your bill.
- ▶ If you do not participate in Sharon Power Choice, the Supply charges on your Eversource bill will continue to be calculated using Eversource's Basic Service price.

If you are eligible for a low-income delivery rate or fuel assistance, you will continue to receive those benefits as a participant in the Sharon Power Choice program.
