

Opt Up to Lincoln 100% Green!

Choose 100% renewable electricity from New England

Buying local matters, even when it comes to electricity. By opting up to Total Green, you take a big step toward increasing the demand for renewable electricity produced in New England, which helps to drive the development of new renewable energy projects on the local power grid and supports the jobs that go with them.

To choose Lincoln 100% Green, call 1-844-651-8919 or visit LincolnGreenEnergyChoice.com

Frequently asked questions

Does Lincoln Green Energy Choice replace Eversource?

No. Eversource will remain responsible for electricity delivery, addressing power outages, and billing you.

What will change as a result of participating in Lincoln Green Energy Choice?

You will see two changes on your electricity bill:

- Eversource will use the Lincoln Green Energy Choice price to calculate the supply charge portion of your bill.
- First Point Power will be listed on your bill as your electricity supplier.

If I participate, can I change my mind later and leave the program?

Yes. You may opt out, or leave, Lincoln Green Energy Choice at any time with no fee or penalty.

If I leave the program, can I join again later?

If you opt out of the program, you can join it again later, but you might be charged a market price when you re-enroll.

If I want to finish my current electricity supply contract, can I join later?

Yes. You may join Lincoln Green Energy Choice after your current contract ends. You will receive the Lincoln Green Energy Choice price at the time you join.

Are savings guaranteed?

No. Savings cannot be guaranteed. Lincoln Green Energy Choice prices are fixed until January 2023,

but Eversource's Basic Service prices change every 6 months for residential and small business customers and every 3 months for large business customers, and future prices are not known.

Will I receive a lower quality of service from Eversource if I participate in Lincoln Green Energy Choice?

No. Eversource makes their profit from the delivery charges on your electricity bill, not the supply charges. They have no preference as to whether they are your electricity supplier or Lincoln chooses a different supplier.

I currently have budget billing for my electricity bill. Will that change?

Yes. Budget billing will no longer apply to the supply charge portion of your bill, but it will continue to apply to the delivery charge portion of your bill.

I am eligible for a low-income discount. Will I continue to receive it?

Yes. If you are eligible for a low-income discount, you will continue to receive it.

I have solar panels/participate in community solar. Will I continue to receive credits on my bill?

Yes. Your credits will continue to appear on your bill as they do now with no change in how they are calculated.

Lincoln Green Energy Choice

An electricity program from the Town of Lincoln providing cleaner electricity for residents and businesses

LincolnGreenEnergyChoice.com

1-844-651-8919

What kind of program is Lincoln Green Energy Choice?

Lincoln Green Energy Choice increases the amount of clean, emissions-free renewable energy in Lincoln's electricity supply while providing a stable, long-term electricity price to Lincoln residents and businesses.

The program is a form of group electricity purchasing known as electricity aggregation. Under this program, Lincoln uses the group buying power of the community to:

- Select an electricity supplier for the community. Lincoln has chosen First Point Power.
- Integrate more renewable electricity into the community's electricity supply than the state law requires
- Provide consumers with choices in their electricity supply
- Offer stable prices compared with Eversource's Basic Service, though savings cannot be guaranteed
- Secure consumer protections

New electricity choices

Lincoln Green Energy Choice provides Town-vetted alternatives to Eversource's Basic Service. It also provides a transparent alternative to other electricity supply offers in the marketplace, without high pressure, fees or dubious environmental benefits.

As a program participant, you will be automatically enrolled in Lincoln Standard Green and receive 27% additional electricity from renewable energy projects in New England (MA Class I RECs) above the minimum amount required by the state, for a total of 45% renewable energy in 2021, 47% in 2022 — 11.725 ¢/kWh for all electricity customers.

You may also choose one of two other options:

- ▲ **Opt up to Lincoln 100% Green** and receive 100% clean, emissions-free renewable electricity, all from renewable energy projects in New England (MA Class I RECs) – 14.043 ¢/kWh for all electricity customers.
- ▼ **Opt down to Lincoln Basic** for 2% renewable electricity above the minimum amount required by the state, for a total of 20% renewable energy in 2021, 22% in 2022, – 10.651 ¢/kWh for all electricity customers.

Eversource will use the Lincoln Green Energy Choice price to calculate the supply charge portion of your electricity bill. Eversource's delivery charges will not be affected by participation in Lincoln Green Energy Choice.

Program prices are fixed until January 2023 meter readings.

To choose the Lincoln 100% Green or Lincoln Basic options, visit LincolnGreenEnergyChoice.com or call customer support at 1-844-651-8919.

Participating in the program

All residential and commercial electricity accounts in Lincoln on Eversource's Basic Service, meaning accounts that have not signed an agreement with an electricity supplier, will be automatically enrolled in Lincoln Green Energy Choice. This automatic enrollment model is state law. New electricity customers will receive a notification letter in the mail before being automatically enrolled.

If you already have an agreement with an electricity supplier, you will not be automatically enrolled, but you may enroll online at LincolnGreenEnergyChoice.com or by calling customer support at **1-844-651-8919**.

Participation is not required. You may opt out of the program before being enrolled or any time after enrollment with no penalty.

If you opt out, the supply charges on your electricity bill will be calculated using your Eversource's Basic Service price.

You have three ways to opt out before being automatically enrolled: 1) Sign and return the reply card that you receive in the mail. 2) Call customer support at **1-844-651-8919**. 3) Opt out online at LincolnGreenEnergyChoice.com.

If you choose to participate, you may opt out any time after you are enrolled online at LincolnGreenEnergyChoice.com or by calling **1-844-651-8919**.

Program summary

Program Prices:

Fixed until January 2023

- Lincoln Standard Green (default): 11.725 ¢/kWh
