An important message from the Town of Foxborough about a change in your electricity price

October 2, 2024

Your electricity account is enrolled in Foxborough Power Forward, our Town's group electricity buying program.

Through the program, you receive a Foxborough price for the electricity supply part of your National Grid bill.

Within the program, you are enrolled in the **Power Forward Green** option, which means you receive 100% of your electricity from renewable sources.

In November, the current electricity supply contract for the program will expire and a new contract will go into effect. **The new contract will bring lower prices that are locked in for two years.**

- Your electricity supply price will change from 19.74 ¢/kWh to **16.607 ¢/kWh**.
- You will continue to receive 100% of your electricity from renewable sources.
- Your electricity supplier will change from Direct Energy to **First Point Power**.

Your new electricity supply price:

16.607 ¢/kWh

Look for it on your December bill.

It's your decision. Make the choice that's right for you.

- ▶ **TAKE NO ACTION:** Your enrollment in the Power Forward Green option will renew automatically at 16.607 ¢/kWh in November, and you will see the new price on your December National Grid electric bill.
- ▶ **CHOOSE THE POWER FORWARD STANDARD OPTION:** Power Forward Standard provides the minimum amount of your electricity from renewable sources that is required by law.
- ▶ **OPT OUT:** Participation is not required. There is no fee or penalty to opt out of Foxborough Power Forward, and you may do so at any time. If you opt out, you will be returned to National Grid's Basic Service price.

* State law requires all electricity suppliers to purchase Renewable Energy Certificates (RECs) from other sources, including sources that are not new, are renewable but not clean, such as waste to energy, or are clean but not renewable, such as nuclear. This purchase must be made even if the total amount of RECs purchased from either clean or renewable sources exceeds 100% of the electricity used by Foxborough Power Forward participants.

Additional information:

- Your electricity supplier will change to First Point Power.** On your bill, you will see "Foxborough Power Forward-First Point Power." Your primary relationship for electricity remains with National Grid, and you will continue to call them if your power goes out. In addition, National Grid will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Foxborough Power Forward.
- At the end of the new contract with First Point Power,** the Town intends to sign another long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in the same program option at the new price unless you inform Foxborough otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out or change your option before the changes take effect.
