

FRAMINGHAM Community Electricity

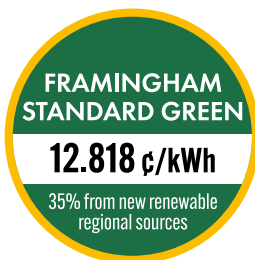

Framingham Community Electricity is a new City electricity supply program that gives residents and businesses more choice and control over how we power our community while taking a big step toward achieving our sustainability goals. The program is a group electricity buying program that changes the electricity supply price on your Eversource electric bill. More than 200 other cities and towns in Massachusetts have similar programs.

Using the bulk buying power of our community, Framingham Community Electricity provides:

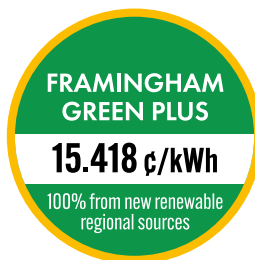

- More renewable electricity for less than Eversource
- Three new electricity supply choices
- Stable and consistent pricing that will not change until March 2027

Framingham Community Electricity has three options. Choose the one that's right for you.

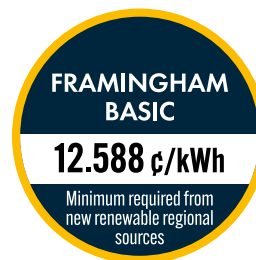

New program participants will be automatically enrolled in Framingham Standard Green. Framingham Green Plus and Framingham Basic are available by request. Choose online or by phone.

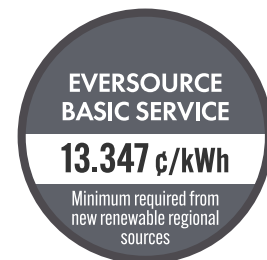

AUTO-ENROLL

OPTION

OPTION

OPT OUT

Two Framingham Community Electricity program prices are lower than Eversource's current residential Basic Service price and are fixed until March 2027.

Note that Eversource's future prices are unknown, so future savings cannot be guaranteed.

Most Framingham electricity customers will be eligible for automatic enrollment.

• Have Eversource's Basic Service?

If you did not sign a private electricity supply contract, your account will be eligible for automatic enrollment, and you will receive a notification in the mail from the City. State law requires the automatic enrollment model, but you are free to opt out before being automatically enrolled.

• Have a private electricity supply contract?

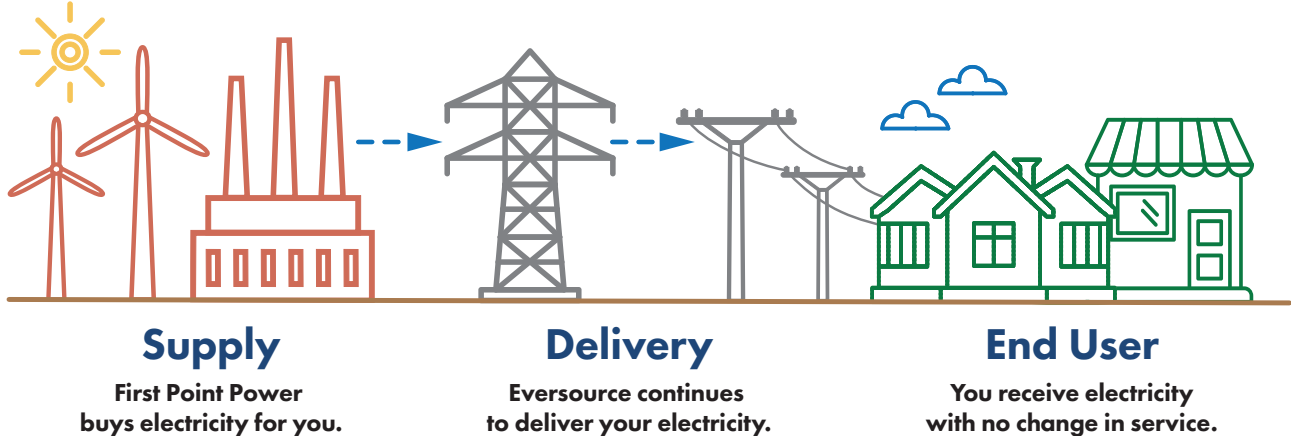

Your account will not be eligible for automatic enrollment, but you can request enrollment online at FraminghamCommunityElectricity.com or by contacting customer support with the City's program consultants at **1-844-202-6226**.

Participation is never required, and you are free to opt out at any time with no fee or penalty.

That means you can opt out before being enrolled and remain with Eversource's Basic Service price, or you can try the program and opt out at any time in the future.

How Framingham Community Electricity Works

Framingham Community Electricity changes your electricity supplier and the price that Eversource uses to calculate the Supply charge on your bill, which is the part of the bill where you pay for the electricity you use. But Framingham Community Electricity does not replace Eversource as Framingham’s electric utility, and you will remain an Eversource customer.

Just two key changes on your electric bill:

EVERSOURCE

 Generation Service Charge 491 kWh X **.12818** \$65.92
 Subtotal Supplier Services \$65.92

1. Your electricity supplier will appear as First Point-FraminghamCommunityElec.

2. Your supply price will change to a Framingham Community Electricity price.

Please note: If you have Eversource’s Budget Billing, it will no longer apply to your Supply charge.

Everything else remains the same!

Eversource continues to:

- Deliver your electricity with no interruption and address power outages.
- Send your electric bill, and accept bill payments (this is the only electric bill you will receive as a participant).
- Provide fuel assistance or a low-income discount, if you are currently receiving these benefits.

The ONLY electricity supply program approved by and for the City of Framingham. If you don’t see the City Seal, it’s not from the City.
