RE: City of Framingham, D.P.U. 24-18

Dear Attorney Gromer:

On February 2, 2024, the City of Framingham (“Framingham” or “City”), through its agent MassPowerChoice, LLC, filed with the Department of Public Utilities (“Department”) a petition for approval of a municipal aggregation plan (“Plan”) pursuant to G.L. c. 164, § 134(a). The Department conducted a public hearing on March 14, 2024, pursuant to a February 15, 2024 notice of filing, public hearing, and request for comments.¹

On July 9, 2024, the Department approved Municipal Aggregation Guidelines (“Guidelines”). Municipal Aggregation Guidelines, D.P.U. 23-67-A. To align its previously filed Plan with the newly adopted Guidelines, Framingham filed a revised plan on August 16, 2024.

General Laws c. 164, § 134(a) authorizes any municipality or group of municipalities to aggregate the electrical load of interested customers within its boundaries, provided that the load is not served by a municipal light plant. In D.P.U. 23-67-A, the Department approved Guidelines for municipal aggregation plan filings and annual reporting requirements. The

¹ The Department did not receive any comments.

Department held that a plan filing that complies with the Guidelines will satisfy the requirements set forth in G.L. c. 164, § 134(a). D.P.U. 23-67-A at 20.

More specifically, the Department reviews a filed plan to determine whether it includes the information required by the Guidelines (including supplemental information provided by the City at the request of the Department). Guidelines, Section V.B. If, upon review, the Department finds that a filed plan includes all such information, the Department will approve a plan as filed. Conversely, if upon review, the Department finds that a filed plan does not include all the information required by the Guidelines, the Department will not approve such plan and will identify the information such plan must include to warrant Department approval.

Table 1, below, identifies the information required by each section of the Guidelines and the section(s) of the City’s Plan (and accompanying filing letter) that includes the necessary information.

Based on its review of the City's Plan, the Department finds that the information included in the sections identified in Table 1 complies with the information requirements set forth in the applicable section of the Guidelines and, therefore, satisfies all requirements in G.L. c. 164, § 134(a).² Accordingly, the Municipal Aggregation Plan filed by the City of Framingham, as revised in its filing of August 16, 2024, is approved.

By Order of the Department,

James M. Van Nostrand, Chair

Cecile M. Fraser, Commissioner

Staci Rubin, Commissioner

² The Department notes that the City must comply with all of the requirements set forth in the Guidelines, even if the Plan did not specifically address a particular requirement.
