RE: Town of Needham, D.P.U. 24-19

Dear Attorney Gromer:

On February 1, 2024, the Town of Needham (“Needham” or “Town”), through its agent MassPowerChoice, LLC, filed with the Department of Public Utilities (“Department”) a petition for approval of a municipal aggregation plan (“Plan”) pursuant to G.L. c. 164, § 134(a). The Department conducted a public hearing on March 14, 2024, pursuant to a February 15, 2024 notice of filing, public hearing, and request for comments.<sup>1</sup>

On July 9, 2024, the Department approved Municipal Aggregation Guidelines (“Guidelines”). Municipal Aggregation Guidelines, D.P.U. 23-67-A. To align its previously filed Plan with the newly adopted Guidelines, Needham filed a revised plan on August 9, 2024.

General Laws c. 164, § 134(a) authorizes any municipality or group of municipalities to aggregate the electrical load of interested customers within its boundaries, provided that the load is not served by a municipal light plant. In D.P.U. 23-67-A, the Department approved Guidelines for municipal aggregation plan filings (both initial and annual reporting

requirements). The Department held that a plan filing that complies with the Guidelines will satisfy the requirements set forth in G.L. c. 164, § 134(a). D.P.U. 23-67-A at 20.

More specifically, the Department reviews a filed plan to determine whether it includes the information required by the Guidelines (including supplemental information provided by the Town at the request of the Department). Guidelines, Section V.B. If, upon review, the Department finds that a filed plan includes all such information, the Department will approve a plan as filed. Conversely, if upon review, the Department finds that a filed plan does not include all the information required by the Guidelines, the Department will not approve such plan and will identify the information such plan must include to warrant Department approval.

Table 1, below, identifies the information required by each section of the Guidelines and the section(s) of the Town’s Plan (and accompanying filing letter) that includes the necessary information.
