Town electricity program notification of automatic enrollment

April 2, 2025

You are receiving this notice because your electricity account is eligible for **AUTOMATIC ENROLLMENT** in Spencer Electric Choice. Your electricity account number is shown on the enclosed reply card.

Spencer Electric Choice is a new group electricity buying program from the Town of Spencer. Spencer Electric Choice provides long-term, stable prices and protection from seasonal price swings.

Participating in Spencer Electric Choice means:

- The electricity supply price on your National Grid electric bill will change to **13.540 ¢/kWh**, which is **lower** than National Grid’s current residential Basic Service price and fixed until December 2027.
National Grid’s prices change, and their future prices are unknown, so future savings compared with National Grid cannot be guaranteed.
- First Point Power will be your electricity supplier, which is the company that puts electricity onto the grid on your behalf.
- You will remain a National Grid customer, and National Grid will continue to deliver your electricity and send your electric bill.

Your new electricity supply price:

Additional information:

Your electricity supplier will be First Point Power. On your bill, you will see "First Point Power - Spencer Electric Choice." But your primary relationship for electricity remains with National Grid, and you will continue to call them if your power goes out. In addition, National Grid will continue to send your electric bill, and this is the only electric bill you will receive as a participant in Spencer Electric Choice.

If you are eligible for a low-income discount or fuel assistance, those benefits will continue in Spencer Electric Choice.

If you have solar panels on your property or you participate in a community solar program, you will continue to receive solar credits and/or solar incentive payments, and participating in Spencer Electric Choice will not change how they are calculated.

If you have a tax-exempt account, you are responsible for requesting an exemption from the collection of any tax by providing appropriate tax-exemption documentation to First Point Power. Visit SpencerElectricChoice.com to learn more.

If you have received this notice and also you have signed a contract with an electricity supplier, you may have signed your contract after this mailing list was created. To continue receiving electricity from the supplier you chose and prevent any early termination fees from that supplier, **you must opt out of Spencer Electric Choice.**

The automatic enrollment model is in accordance with state law. More than 200 cities and towns in Massachusetts have similar programs, and all operate the same way. However, you are not required to participate. You may opt out at any time with no fee or penalty.

At the end of the contract with First Point Power, the Town intends to sign a new long-term contract. The electricity supplier and renewable energy content may change, and the price may be higher or lower than the current price. You will continue in Spencer Electric Choice at the new price unless you inform the program otherwise. The Town will provide advance notice of any such changes, and you will be free to opt out before the changes go into effect.
